VOTE FOR NEW LEADERSHIP FOR SIOUXLAND FAMILIES ON NOVEMBER 4TH

As a veteran, small business owner, community activist, or family man, Carlos Venable-Ridley understands the challenges facing Siouxland families. As State Representative, **Carlos Venable-Ridley will serve YOUR interests, not special interests.** He will utilize his background making a positive impact on people's lives to ensure working families are getting the relief they deserve.

Tax Relief for Siouxland Families

As someone who joined the Navy to help put his brothers through college, Carlos understands the struggles of middle class families. As your State Representative, Carlos will work to hold the line on state taxes and make sure our tax dollars are being spent to fund Western Iowa priorities, not special interest giveaways.

Fueling the World and our Economy

Carlos believes that all Iowans can benefit from innovations in wind, solar, ethanol, and bio-diesel energy solutions. As your State Representative, Carlos will work to bring these “green collar” jobs to Siouxland and ensure we attract high-tech jobs to keep our young, working families right here in Iowa.

New Leadership for Siouxland Families

For 16 years, Chris Rants has served not our interests, but special interests in Des Moines and the east side of the State, at the cost of his home district. Des Moines does not need another representative. It is time the people of Morningside and Sergeant Bluff had representation back in the Legislature. Carlos will provide the leadership Siouxland needs in the Legislature.
