

Renewable Energy Capital of the World

“With gas prices skyrocketing and winter heating bills around the corner, now is the time for Iowa to **expand production of renewable energy solutions like wind and solar power, and continue to produce ethanol and bio-diesel fuels to grow our economy for the future.”**

Swati Dandekar for Iowa Senate

State Representative Swati Dandekar has led the fight for increased production of renewable energy solutions in the State House by creating the Iowa Power fund and Office of Energy Independence. As State Senator, Swati will work to **decrease our dependence on foreign oil** and **create high-tech jobs to grow our economy for the future.**

- Increased solar and wind power production
- Further development of ethanol and bio-diesel fuels
- Create good-paying, high-tech jobs
- Investigate big oil companies for price gouging

**Vote Swati Dandekar for
Iowa Senate on November 4th...**

Experienced Leadership we NEED!
